

Early Years - Class 3

Creative Development

ICT Skill – Using a mouse, drawing tools and keyboard.

Teacher commentary:

After listening to the story of the Titanic the child drew the picture on 2Publish. She selected the pen, changed colours, used fill and she used the pencil. When the picture was finished she sat with an adult and dictated what she knew about the story. The adult told her each letter by sound and she typed it.

Help was given with capital letters and full stops.
